RHEUMATISM'S BUSY DAY.

Now this Painful Disease Grows Prevalent.

It Caused J. M. Adams to Relinquish the Geyser.

Yet Now He Weighs 165, and Walks Off Spry.

Physicians say they do not know why. Yet it is a fact that the busy season for rheumatism commences in September.

The principal reason is that the people are in a condition especially favorable for the invasion of the disease. Those who have been unfortunate enough not to get a vacation find their system relaxed, weakened and choked up with waste material. Exercise is naturally neglected during the hot weather. September finds them in a sluggish state, a condition of things very favorable to rheumatism.

J. M. Adams of Ballston Spa, N. Y., has had an experience with this disease that he wishes widely published for the benefit of those who are troubled as he was. For five years Mr. Adams owned the famous Geyser Springs at Saratoga, but rheumatism forced him to relinquish the ownership and leave there on crutches. He says:

"My trouble was rheumatism, dating back to when I was 18 years old and reducing my weight to ninety pounds between the years 1870 and 1872. I had to give up business and devote all my energies to fighting this terrible disease. Nothing helped me until I heard of a discovery made by Prof. Phelps of Hartmann and it did me more good than all other medicines put together. My friends now say 'See Adams, he weighed 140 and was almost a cripple; now he weighs 165 and walks off spry.' This is all from using Paine's Celery Compound, and if it will do for others what it has done for me, every one should use it. I feel confident that it will, as all to whom I have recommended it speak of it in the highest terms. I know of many cures that it has effected, one in particular, George Smith of this place. Mr. Smith could not use his right arm a week ago, but now he has finished sewing a piece of land with oats, the result of the benefit received from Paine's Celery Compound."

The best physicians unite in the statement that Paine's Celery Compound is of superior value for those who are troubled with rheumatism, neuralgia, or prostration. They say that one who has even a strong tendency to rheumatism can do much to prevent it by using this compound.

A Contractor's Advice.

Dullman's German Medicine company Gentlemen—I take great pleasure in testifying in behalf of Dullman's Great German Blood, Liver, Stomach and Kidney Cure. I can safely say that I have taken such medicine as that which cleanses the liver, stomach and kidneys. I was suffering for years with brounness, indigestion and loss of appetite and sleep. One bottle did for me more good than six months' other treatment, and I feel it my duty to testify in its behalf. Give it a try and get cured. Your truly,

WARREN E. RUSSELL, Contractor and Builder, Flint, Mich.

Physicians

frequently state: "We know that Port Wine is the best tonic for the weak, nervous and debilitated, and for such troubles as exhaustion, weakness, sleeplessness, etc., there is no medicine to compare with it, yet we fear to prescribe it, for there are so many adulterations on the market."

There is a brand called "Royal Ruby" Port Wine, so called for its royal taste and ruby color, it is pure and old and has that fruity taste that no other wine has. Druggists sometimes urge that which they have in bulk; why? More profit of course. Royal Ruby Port Wine is guaranteed by the undersigned to be absolutely pure and over five years old, or money paid for it will be refunded. Quarts \$1.00; pints 50c. Sold and guaranteed by White & White, Thum Bros. and Schmidt, leading druggists. Bottled by Royal Wine Co., Chicago.

A Positive Fact.

Ladies, do not delay your valuable time by waiting and suffering, but secure a bottle of Dullman's Great German Female Uterine Tonic and be cured of your monthly trouble either in old or young. It is the very best preparation I ever prescribed in my extensive practice. It has given the best results in the greatest number of cases of female troubles of any medicine that I ever used. I do not make a practice of using or recommending patent medicines, but this remedy is prepared by a very competent physician and chemist of my acquaintance and I can cheerfully and conscientiously recommend it as the best.

From a letter written by Mrs. E. Hard, of Grosse Pointe, Mich. "I was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up, saying that I could live but a short time. I gave myself up to my Savior, determined that I could not stay with my friends on earth. I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all, eight bottles; it has cured me, and thank God I am now a healthy and happy woman." Bottles 10 cents at Peck Bros' drugstore regular size, 50c and \$1.00.

SOME THINKING

The voter cannot cast an intelligent Ballot unless he can appreciate the intricate manipulations of the wheels of government and become conversant to some extent at least with the fundamental facts and theories controlling the various great governmental departments, and he cannot hope to know the character of the chief executive unless he reads an Accurate and Impartial Biography, written and compiled by a Master Litterateur, equal to the difficult task.

Gen. Benjamin Harrison is a candidate for re-election. The Nation demands that the hero who led its armies in the Field, and who for four years has wisely and nobly steered the ship of state shall continue to hold the helm and guide our Nation through the perils of the future as ably as he has through those of the past. He who during the administration has saved the country from a series of threatening dangers, has brought Italy and Chile to the feet of our Republican throne, and made even England yield to American demands in the Behring Sea difficulty, is the man for the people of these United States.

Gen. Lew Wallace, who is known throughout the United States as one of the most intimate personal friends of President Harrison, and as having had a great deal to do with his re-nomination, has written a biography of the President, which reads like a veritable Romance, yet is Accurate History.

The book has been officially authorized and contributed to by the heads of the government in Articles regarding the workings of the Republican policy and the Present administration. These distinguished contributors include Hon. William E. Curtis, Hon. John W. Vanamaker, Hon. Jeremiah Rusk, Secretary Foster and Hon. Eugene Hale. Their topics include commercial Reciprocity, Postal Service, Progress of the Public Domain, etc.

When General Harrison was asked his choice of a biographer he promptly replied, "My life-long friend, General Wallace." His chief advisors, interpreting the President's desire, have officially supplied the volume with most valuable contributions.

We offer it Free with three months' subscription to THE HERALD. The book sells for \$1.50, and thousands of copies have been and are being sold. We are desirous of having such a book, brim full as it is of information of vital importance to the voter, in every home in Western Michigan. It will be referred to oftener than a dictionary, and will be read with more pleasure than a novel.
